COLOR SELECTION GUIDE

NOTE: Color selections on this chart approximate as closely as possible the appearance of color hardener when used on horizontal troweled and/or imprinted concrete. Variations can be expected due to job conditions, finishing techniques, use of sealers and slight raw material color drifts. Release agent is intended as a surface highlighting product only, and will not match color chart exactly. Certain combinations of color hardener and release agent can produce dramatically different color appearances than anticipated due to pigment interaction. It is strongly advised to produce a sample(s) prior to installation to determine actual color outcome.

				
NATURAL GRAY BC-1	FRENCH GRAY BC-1	SHALE GRAY BC-2	COBBLESTONE GRAY BC-1	SUNSET GRAY BC-1
				
BROWNSTONE BC-1	FOREST BROWN BC-1	RUST BROWN BC-1	MEXICAN TILE BC-1	AUTUMN BROWN BC-1
